PROFESSIONAL SUMMARY

Frontend Developer skilled in building responsive and interactive web applications using HTML, CSS, JavaScript, and basic React. Experienced in UI/UX-focused development, API integration, and scalable frontend architecture, with a passion for creating clean and impactful digital experiences.

EDUCATION

Intermediate (Class XII)

New Life Children School

2024 - 2025

Grade: 74.2%

Matriculation (Class X)

ST Mary's High School Dourana

2021 - 2022

Grade: 84.2%

PROJECTS

world-statistics-explorer ([Github](#)) ([Demo](#))

March 2026

- Built a globally focused statistics dashboard using the REST Countries API with a premium UI featuring dark mode, glassmorphism, and responsive design.
- Developed a scalable frontend architecture using Vanilla JavaScript (ES6 modules), separating API handling and UI rendering for better maintainability and performance.
- Improved user experience through smooth CSS micro-animations, asynchronous data loading states, and interactive dynamic components using HTML5, CSS3, and REST APIs.

Finora ([Github](#)) ([Demo](#))

September 2025

- Developed a responsive fintech web application for zero-commission mutual funds and trading with secure authentication flows and modern UI design.
- Implemented dynamic cross-page theming using Vanilla JavaScript and CSS variables to ensure a consistent and interactive user experience.
- Built a lightweight and scalable frontend architecture with responsive layouts, smooth transitions, and optimized performance using HTML5, CSS3, and JavaScript.

SKILLS

Computer Languages: HTML, CSS, JavaScript, Python

Additional Courses: Data Structure

Soft Skills: Critical Thinking

Others: Problem-Solving, Git and Github, Entrepreneurship

EXTRA-CURRICULAR ACTIVITIES

Founder — NEOKRISHITECH

Developing a Voice-First AI-powered Agritech ecosystem focused on crop disease detection, hyper-local weather intelligence, government scheme assistance, mandi price insights, digital farm records, expert advisory, and smart farming solutions for marginal farmers. Presented the startup at the **Viksit Bharat Young Leaders Dialogue 2026** and secured **3rd Rank at State Level**. Currently leading product strategy, prototype development, and AI-driven solution architecture.
